

## **MID EUROPE® - 2011**

Dear Mr. Brown, dear musicians!

**Music alone is the universal language and needs not be translated.**

Berthold Auerbach (1812-1882)

*MID EUROPE®* 2011 is already history. Even though we faced many logistical challenges this year, Mid Europe was a great success and we received much positive feedback. I was exceptionally impressed by the fantastic level of your musical contributions. This wide-ranging musical spectrum, combined with the high demand for quality, corresponds to the high standards of *MID EUROPE®* and the expectations of its participants, as well as contributing to the festival's uniqueness. Therefore, your dedication was a considerable part in the distinguished success of *MID EUROPE®*.

Altogether, 10,000 visitors enjoyed the diverse and outstanding music of the various concerts, and were enchanted by the flair of the "Lange Nacht" in Schladming.

I do hope to welcome you and your musicians back to Schladming, either as visitors or as active participants, in the future. I wish you good luck and great musical success.

With warmest regards

Prof. Johann Mösenbichler  
(President Mid Europe)
